MERCY RULE

Effective immediately, the mercy rule is defined as follows: when a team is leading by 5 goals, the winning team will lose one player from the field. (i.e. Winning team will play with 5 players and a goalie, competing team will remain with 6 players and a goalie.)

Each goal thereafter that is scored by the winning team will result in the loss of one more player (i.e. 6 goal lead=2 player loss, 7 goal lead=3 player loss)

The game will be called by the referee when there is an 8 goal lead.

If there is time left the coaches are expected to share players and play the remaining time.

Please note that the existing rule of **3 goals per player** is still in effect.

The CCH Soccer Club's goal is to ensure our children enjoy the game of soccer and that they continue to relish the experience of competitiveness, teamwork and sportsmanship.
